BEWARE: Are there websites selling a "look a like" H&T Chair? YES! If you are unsure whether you are getting our chair, please inquire as to whether the chairs are being made in the USA? Are they being manufactured in North Carolina? How are their covers sewn? Are they using brass instead of stainless steel for longevity? Do they sell replacement parts? If they answer NO to any of these questions, you are not getting the original H & T Chair. Our chairs are custom made for you!

We do logo and embroidery work on chairs and umbrellas.

Interested in a monogram? We can do it!
